Re: Water Right Permit No. G2-20271 for Manzanita Beach Water System

Dear Mr. Hall:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason below:

- Manzanita Beach Water System has a commitment to serve 37 lots. Four remain undeveloped possibly due to current economic conditions. Additional time is needed to allow full development of the community.

The new deadline to submit *Proof of Appropriation of Water* is **November 1, 2015**.

Permit G2-20271 requires you to record meter readings monthly and sample chloride concentrations in your wells in April and August of each year. By November 1, 2015, you must submit all chloride and water use data in order to be eligible for an additional extension of this permit or a final water right certificate.

You have a right to appeal this decision. To appeal this you must:

- File your appeal with the Pollution Control Hearings Board within 30 days of the "date of receipt" of this document. Filing means actual receipt by the Board during regular office hours.
- Serve your appeal on the Department of Ecology within 30 days of the "date of receipt" of this document. Service may be accomplished by any of the procedures identified in WAC 371-08-305(10). "Date of receipt" is defined at RCW 43.21B.001(2).
